

## Cool Talks

Brought to you by the IOR and A-Gas

Bristol, 19th May 2016

# A Cool Talk from the IOR and A-Gas

Thursday 19<sup>th</sup> May 2016

Hosted by A-Gas UK Ltd Banyard Road, Portbury, Avon, Bristol BS20 7XH

Join us at a breakfast morning for service engineers and technicians where there will be practical advice from experts on new refrigerants. The event will give you a chance to ask questions about this topical issue, introduce the IOR and help you to meet others working in the area. There will be three short talks giving information on what you need to know about using some of the new low GWP refrigerants starting to come into the market. It will cover questions like – What is different about HFO refrigerants? What does wide glide refrigerant mean in practice? How can you prevent compressor failure? You can also raise other topics that you might like us to cover in future Breakfast events.

### Programme

- 08.30 Arrival for coffee/tea and bacon rolls
- 09.30 Introduction to the IOR and welcome from John Hobley or Rob Lamb, IOR Membership Committee
- 9.40 John Ormerod of A Gas - F Gas Update and potential refrigerant alternatives
- 10.00 Gordon Adams of IOR Service Engineers Section - Glide is back...what a service engineer needs to know.
- 10.15 Kevin Glass, Bitzer and IOR Council member – Advice from the “Compressor Dr” on preventing compressor failure
- 10.30 Questions and discussion
- 11.00 Tea / coffee and networking
- 11.30 Finish.

### How to book
